#### WINE NOTES

E·S·P explores every corner of Cabernet Sauvignon at Moon Mountain Vineyard. Though Repris crafts two other 100% Cabernet Sauvignon bottlings, E·S·P is unique in combining Cabernet Sauvignon from each of the diverse micro-terroirs scattered across the property.

The 2021 vintage showcases the distinctive character that E·S·P brings to our portfolio. While Cabernet Sauvignon has thrived here for generations, the challenging 2021 growing season, marked by exceptional quality but dramatically reduced yields, has produced a wine of extraordinary concentration and complexity. E·S·P tells that complete story. It bridges our approach to Cabernet Sauvignon between celebrating the savory elements of our blocks planted to Heritage Clones and the concentrated New World intensity of our Jennifer Block. The 2021 finished wine reveals something exceptional about Moon Mountain Vineyard – a Cabernet Sauvignon with the opulence and complexity of our finest blends, intensified by nature's selective hand.

With only 289 cases produced, the 2021 E·S·P represents both the rarity and the remarkable character that define this extraordinary vintage at Moon Mountain Vineyard.

#### WINEMAKING

Blend	100% Cabernet Sauvignon
Farming	100% organic, CCOF certified
Aging	22 months in 100% new French oak
Cellaring	15+ years
pH	3.70
TA	5.3 g/l
