WINE NOTES

More than any other wine in the Repris portfolio, Heritage Clones is a tribute to the pioneering spirit of Sonoma's early vintners. This wine honors luminaries like Louis Martini, Steve Kistler, Brad Webb, Bob Sessions, and Jeff Baker — the esteemed winemaker for Carmenet, Repris' predecessor. Their legacy lives on in the few remaining bottles from those early vintages, which continue to evolve gracefully, exhibiting the earthy structure and balance reminiscent of classic Bordeaux.

2022 brought generous warmth to Moon Mountain Vineyard's volcanic slopes. This plush, approachable vintage reveals layers of concentrated dark fruit complemented by the distinctive mineral backbone that makes Moon Mountain Vineyard Cabernet so compelling. The warmer growing season has produced a wine of immediate appeal, offering generous fruit expression while retaining the age-worthy structure that connects it to the great Sonoma Cabernet Sauvignons of the past.
