MALBEC
MOON MOUNTAIN
VINEYARD

WINE NOTES

Our Malbec stands as an intense, contemplative interpretation of this distinguished variety. Though California's Malbec plantings remain scarce compared to Argentina's expansive vineyards, Moon Mountain Vineyard's elevated terrain proves remarkably compatible with this variety's demanding nature. The volcanic, stone-laden soils combined with sun-filled days and cool evenings create ideal growing conditions for Malbec excellence. This wine delivers commanding structure alongside the signature opulent dark fruit character typical of Malbec. Optimal ripeness intertwines with subtle hints of powdery cocoa and rich coffee notes. Substantial tannins provide a concentrated foundation, balanced by vibrant acidity that adds a refreshing dimension. Representing the most robust and commanding selection in the Repris collection, this offering will generously reward cellaring of up to 10 years.

WINEMAKING

Blend	100% Malbec
Farming	100% organic, CCOF certified
Aging	22 months in 20% new French oak
Cellaring	8 – 10 years
pH	3.82
