WINE NOTES

The 2022 Petit Verdot once again demonstrates the exceptional reliability of our Dynamite Block vineyard site. This robust, thick-skinned variety yields its hallmark intense coloration and rich concentration, developed through meticulous cultivation and strategic timing of harvest at Moon Mountain Vineyard. This wine showcases its distinctive richness and angular framework, elegantly counterbalanced by refined floral notes. Our thoughtful, minimal oak treatment allows the authentic character of this underappreciated Bordeaux variety to take center stage, illustrating why Petit Verdot has established itself as a distinguished staple in our collection.

WINEMAKING
